

A Tandem Skydive can be **FREE TO YOU** when you raise money for the Kenward Trust...

How does it work?

Many people who make a Tandem Skydive do so whilst raising funds for a worthwhile cause.

In return for raising a minimum amount to support the work of the Kenward Trust, the costs of your training and flight can be paid for out of the money you raise so your Skydive is **FREE TO YOU**. We suggest you raise at least **£380** and once the costs of your training and flight have been deducted **Kenward Trust** will receive at least £130.
